

A wide-angle photograph of a savanna landscape at sunset. In the foreground, two wooden folding chairs are positioned on either side of a small fire pit with a fire burning. To the left, a large, dark-colored tent with a gabled roof is set up. In the background, a line of acacia trees silhouettes against the bright orange and yellow sky. The sun is low on the horizon, creating a strong lens flare and illuminating the clouds with warm light. The overall mood is peaceful and romantic.

Our Traditional Camping...

Camping safari's are undoubtedly the most traditional way of exploring Southern Africa traveling in groups with friends and family on 4x4 trails, moving camps as you proceed across remote regions. There is something different about sleeping under a dome canvas tent in wild areas left entirely untouched. One feels more at home in nature with no infrastructures or facilities to distract you. When with Semunyeni camping safari's, guests are only help out getting their luggage in and out the trailers. The setting up of your tents, taking them down, all cooking and cleaning will be done by yours truly. So sit back, relax and enjoy the crackling of the fire after an unforgettable day.

and Participation Safaris

Nomads are very simplistic people who enjoy a sense of comfort which is what we aim to provide for you when you join us on our participation safari's. Semunyeni's guests are required to put up and take down their dome tent when required. They are also required to assist in the unpacking and packing of the trailer with all the goods needed for the safari. Each tent will be fitted with an en-suite bathroom which has a bucket shower, a canvas basin and a long drop toilet. The en-suite bathroom provides privacy in a nomad's lifestyle.

Our Child Friendly Safari ...

Botswana Mobile Safari

Semunyaeni Safari's offers Family based safaris which are child friendly. We understand and appreciate the parents who want to expose their children to the experiences Africa - more specifically Botswana - has to offer.

To book a child friendly safari, please contact us and inform us of the ages of your children and we are then happy to accommodate you and your family any way possible. We do, however, have an age limit on the children who are able to come on safari - No child below the age of 6 years old will be able to join on safari. This is directly related to the safety issues and where we operate in isolated areas.

Please note - the family needs to be a minimum of 4 pax and this concept is applied to our glamping, camping and participation safaris
